(Tom) WORKSHOP COMMITTEE REPORT

As you were aware the 2017 Workshop committee did its first and last workshop on Friday January 12, 2018.

The workshop was titled “The Good Neighbor Fence Act of 2013” put on at the San Luis Obispo City/County Library as a 2 hour workshop. The workshop consisted of watching the State webinar of the same name with a discussion about how this new law affected the profession. The workshop provided 2 hours of professional development for those that attended. There were 11 attendees to the event.

The official attendance of the event is attached and should be used for any inquiry to for PDH's that might be made on behalf of any of the participants.

This workshop was organized and run by the committee which consisted of Robert Reese and myself, with Robert doing the bulk of the work to get it put on.

I was able only to attend the first hour as I had a commitment after that, so Robert finished up the workshop and presented the participants with their “Certificate of Completion”.

The committee believes this was a successful workshop and would recommend to the new chair to consider this type of workshop in the future.

(Cristi) CHRISTMAS COMMITTEE:

The annual Christmas party was held at the Avila Yacht club on December 13th. Everyone had a good time.

(George) Scholarship Committee

Three scholarships will be given out at the Fresno State Geomatics conference.

New Business

None

Guest Speaker

Ed Reading, SLO County Surveyor. Ed outlined the path of his surveying career, current activities in the office and introduced his new colleague Pete Moreci who was hired to fill the vacancy of the recently retired “map checker” Armand Boutte’.

(George) ADJOURNMENT

(Call for meeting to adjourn.) 7:39
