(Tom Mastin) EDUCATION COMMITTEE and ADHOC COMMITTEE

All energy going to new website.

The Education committee is currently only working on the on-line Review site.

Currently on the site we have content in the following areas:

- General Boundary
- Error Analysis
- LS Exam Preparation
- Photogrammetry
- Public Lands
- LS Exam Resources
- Sequential Conveyances
- Simultaneous Conveyances
- Statistical and Error Theory
- Survey Math for LSIT

We need more content in all of these areas as well as the areas we haven't addressed yet. I estimate that we have about 10% of what we need to make this a viable method for test preparation.

Basic Statistics on the sites
www.CentralCoastCLSA.org:

- Number of visits: 621
- Number of unique visitors: 199
- Number of hits: 7693
