### **Proposed Construction Staking Seminar**

Good feedback on the construction staking seminar, along with requests for another. Some suggestions are:

- Charge for seats to motivate people to show up & help cover costs
- Split the seminar into two seminars, one for engineers and one for contractors
- Host a seminar in North County

The education committee will be meeting to discuss the options and begin planning the next construction staking seminar/seminars Tues. November 3<sup>rd</sup>, 2026 at 6pm at MBS Land Surveys. Please join us with your ideas! We are hoping to take advantage of the rainy season for the next seminar.
